"In originally sel cing Thetis Cove, I was entirely unbiased. I was aware that "Constance (or more accurately "Lang") Cove' ad been mentione', though I did not know it had been so atrongly recommended as I have since ascertained was the case. And I still hold to my opinion as to "Thetis Cove" being THE Site, as regards economy and facility of construction, and as being more sheltered and, consequently, easier of access. Being anxious, however, to place before Government something more than my own bare opinion in this matter, and acting upon a suggestion of His Escellency the Governor, I beg to submit a comparative statement of the cost of Dock in alternative site.

Now, although the cost of actual construction of the Graving Dock itself may be assumed as the same in either place, there are sever/I variable items in connection with the work which will considerably affect the total cost.

DOCK IN " THETIS COVE." Value of Land purch as ed 8 acres, reclaim-ed 2 neres. Total 10 nt

In addition to the above I might bring yet other items as against "Larg Cove." Viz:—
"Cost of extra length of Face Wall."
"Cost of probable extra pumping during progress of works, owing to increased area of surface, and greater length of Cofferdam for leakage."
Saving at "Thetic Cove" in obtaining puddle for Cofferdam from the inshore excavation for Dock.

october and I there already made out a ufficiently strong case is favor of my recommendation, and I trust it may meet the approval of Government."
